

Changes to Mandatory Fees for 2022-2023 Academic Year

On Friday April 29, 2022, the University System of Maryland (USM) Board of Regents approved the University's undergraduate and graduate tuition rates for the 2022-2023 Academic Year. As part of this approval, four of the itemized mandatory fees have been eliminated and consolidated into the base tuition rate. Those total \$515 and include:

- \$306 - Technology fee
- \$95 - Performing Arts fee
- \$96 - Health Center
- \$18 - Student Facilities fee

The university Wi-Fi network, general purpose classroom buildings, student health services, and the publicly accessible arts center are core operations more appropriately supported by tuition rather than dependent on fees.

This particular action will have no adverse financial impact for students and will benefit those who receive tuition remission by increasing the covered portion of a term bill thereby reducing out-of-pocket expense.
